

Cassandra Stewart Loos Prairie

Cassandra Stewart Loos passed away on August 25, 2010. Cass was a long-time supporter of the Pineywoods Native Plant Center. She loved nature, native plants, and people. It is Peter's and our wish to memorialize that love with a gift to the ever-evolving prairie and marsh at the Pineywoods Native Plant Center. The site is unique and lies just to the south of the Horticulture facility. Plants and plans are happening now. If you wish to contribute to her legacy, native plants and to all the friends of native plants, this special garden spot will continue to grow and prosper. Gifts can be made out to the Pineywoods Native Plant Center - please mention "Cass Loos Memorial" on the check – and mail to:
